LYRIC SHEET

1 - STORY TIME

Gather round, kids, it's story time
Adventures that come straight from my mind
I wrote some stories that I'd love to share
With all you awesome children everywhere
I want you to laugh
I want you to think
I want you to learn
I want you to sing
But most of all, I want to entertain you
With my children's books and my music too

It's story time, let's open up our minds
And let the magic of the words swirl around and shine
Painting a picture in your head as the pages are read
With your imagination charging full steam ahead
It's story time, super magical
It's story time, so fantastical
It's story time, so incredible
It's story time, unforgettable

I introduce Amazing Lisa to you

She's mysterious and magical and really cute too
She travels the world with three adventurous kids
You'll be amazed at all the things they did
She can become anything and she can talk
She can fly, she can bounce, and she can walk
Travel the world with this super fun crew
As I continue to bring this story to you

It's story time, let's open up our minds
And let the magic of the words swirl around and shine
Painting a picture in your head as the pages are read
With your imagination charging full steam ahead
It's story time, super magical
It's story time, so fantastical
It's story time, so incredible
It's story time, unforgettable

I introduce Rhythm's World to you
A smart little girl who likes to teach you
About the world around you and the things you see
That could be important to you and me
She loves music and friends, goes on a world tour
Teaches about jobs and sports and loves her sister for sure
You'll love Rhythm and she loves you too
I'm excited to bring her story to you

It's story time, let's open up our minds
And let the magic of the words swirl around and shine
Painting a picture in your head as the pages are read
With your imagination charging full speed ahead
It's story time, super magical
It's story time, so fantastical
It's story time, so incredible
It's story time, unforgettable

Story time, story time
Gather around, it's story time
Story time, it's story time
Gather around, it's story time
Story time, yeah, story time
Gather around, it's story time
Story time, yeah, story time
Gather around, it's story time

2 – BRAZILIAN MACAW

Flying through the Brazilian skies
You will not believe your eyes
This mysterious bird will leave you in awe
It looks just like a giant macaw
Want to get a better view
Look at that, she's flying towards you
She's pink and she's cute as she can be

She lands and then she sings to me

Whoa, Brazilian macaw

I'm Lisa, the Brazilian macaw

She flies us to some waterfalls

Lisa was so friendly to all

And we fly over to the Amazon

Take a ride on a boat and have some fun

Whoa, Brazilian macaw

She's Lisa, the Brazilian macaw

We needed a float for a carnival

Our first one broke, we had nothing at all

Then Lisa the macaw, she saved the day

Became our float and threw everyone away

Whoa, Brazilian macaw

She's Lisa, the Brazilian macaw

Whoa, Brazilian macaw

She's Lisa, the Brazilian macaw

3- ITALIAN SURPRISE

Magical, mysterious, that's Amazing Lisa

Hanging out in Italy at the Leaning Tower

We always thought that she was one of a kind
But we saw something on this trip that really blew our mind
We spotted a young boy with a purple elephant toy
He was talking to it
We didn't think anything of it
But then something happened
We were taken aback
That stuffed purple elephant was talking back

Italian surprise
Can't believe our eyes
Is there more like her
In this great big world
You're a mystery
But now we see
You may not be alone
Lisa, where are you from

Amazing Lisa, is that toy like you
Can it do the things that you do
Where are you from
How did you get here
How many of you will appear
Do you come from this world or from outer space
Are you magical toys or an alien race
I want to know more

What can you say
Can we see your world
One day

Italian surprise
Can't believe our eyes
Is there more like her
In this great big world
You're a mystery
But now we see
You may not be alone
Lisa, where are you from

Italian surprise
Can't believe our eyes
Where are you from
Can we visit your home

Italian surprise
Can't believe our eyes
Are you an alien race
From outer space

Italian surprise
Can't believe our eyes
Do you know that boy

With the purple elephant toy

Italian surprise

Can't believe our eyes

Lisa, we love you

And we know you love us too

4 – SANDS OF EGYPT

Hey, hey, what do you know

We just landed here in Cairo

See the pyramids and the sphinx

And get into lots of other hijinks

Jonathan is here with his class

Who are ready to have a blast

Holly is here and Daniel too

Amazing Lisa will entertain you

The sands of Egypt in a land so vast

An amazing country with a storied past

When the sands of Egypt start blowin' your way

Amazing Lisa will save the day

At the pyramids, enjoying the views

But in the distance is really bad news

The sky is orange and the wind's picking up

It's heading your way, you better cover up

Lisa and Holly, they gather the class
Keep everyone covered so the storm will pass
Lisa turned into a giant tent
The kids all cheered and inside they went

The sands of Egypt in a land so vast
An amazing country with a storied past
When the sands of Egypt start blowin' your way
Amazing Lisa will save the day

Sphinx and the pyramids and off to the Nile
We'd love to hang around in Egypt for a while
Sphinx and the pyramids and off to the Nile
We'd love to hang around in Egypt for a while
Sphinx and the pyramids and off to the Nile
We'd love to hang around in Egypt for a while

5 – AIR LISA

Cool Canadian day
Holly and Lisa in Montreal
And everything's okay

But Daniel and Jonathan
Are both in different towns
In Calgary and Vancouver
There's a blizzard bearing down

What are the kids gonna do
They have plans to reunite
But those plans could fall through
A big storm on the way
Can Amazing Lisa figure it out
And save the day

But Lisa, she had a plan
They went back to the park
And she revealed it then
She turned into a cute pink plane
Ready to fly and
Air Lisa was her name

Air Lisa, she's the way to fly
A cute pink plane up there in the sky
Climb aboard and get buckled in
It'll be the best flight you've ever been in

Air Lisa, every seat is first class
She'll get you where you're going really fast
She makes the skies more friendly
Give her a chance
You won't even feel any turbulence

Flyin Air Lisa

Flyin Air Lisa

Flyin Air Lisa

She's the best

Flyin Air Lisa

Flyin Air Lisa

Flyin Air Lisa

She's better than all the rest

If you've got somewhere that you need to be

Air Lisa'll take you anywhere and

The flight is free

If someone's in trouble

and they need a rescue

Then Air Lisa will be there for you

The plane is quiet

You won't hear a peep

She'll play lullabies

If you wanna sleep
